Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Causes of death, which may be the result of either disease or violence, shall be carefully defined; and if from violence, its nature shall be stated, and whether (probably) accidental, suicidal, or homicidal.

And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The International classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. And he shall further state the cause of death, so as to show the course of disease or sequence of causes resulting in death, giving the primary cause, and also the contributory causes, if any, and the duration of each. Indefinite and unsatisfactory terms, indicating only symptoms of disease or conditions resulting from disease, will not be held sufficient for issuing a burial or removal permit; and any certificate containing only such terms as defined by the state registrar as indefinite and unsatisfactory, shall be returned to the physician for correction and definition. The international classification of the causes of death shall be used by all physicians in stating the cause of death in the medical certificate. Memorial Service For Erik VeNard Scheduled Wednesday

A memorial service for Erik John VeNard, whose remains were found on the Bottleneck Peak ridge of the Selkirk Mountains on Sept. 1, 1973, and who had been missing since August 19, 1969, will be held for the family and friends at the Trinity Lutheran Church on December 26 at 8:00 p.m. with Pastor Hippe officiating, the VeNard family announced.

Erik was born on October 31, 1949, in Milwaukee, Wis., the son of Dan L. and Laura Kaakinen VeNard.

He attended school in Milwaukee until 1959, when his family moved to Bonners Ferry. He established himself as a student in Bonners Ferry High School, which he attended three years, moving for his senior year to Seneca High School in Louisville, Ky., where he resided with his sister.

At Seneca he became known for his ability in writing, showing promise in both [illegible] student, he did not find college atmosphere to his liking and moved back to Bonners Ferry, where he worked at several occupations until his disappearance.

Truth, beauty in the world, and nature were Erik's passions. An untimely end in one so gifted is saddening; however, a more appropriate place than the mountains he loved could not be found. There he found peace from the world which fascinated and repelled him.

Family members include the parents and four brothers and a sister: William of San Francisco, Calif.; Bob of Moscow; Paul at home; Mary Clara Stevenson of St. Louis, Mo.; and a half-brother, Dan II of Paradise Valley.

The Malone Funeral Home is in charge of arrangements. Memorials in lieu of flowers may be made to the Trinity Lutheran church, or to the Idaho chapter of the Mental Health Association for the care of emotionally disturbed children.
